Svensk Pilotutbildning's Multi Crew Cooperation course has become one of Scandinavia's leading platforms for airline preparation.

The course designed and monitored by Rikard Eklund, captain for Novair, incorporates;

- Introduction to the professional use of SOP's
- Insight into Crew Coordination
- Benefits of Group Dynamics
- Becoming a Team Leader
- Solid Decision Making Skills
- Handling Workload, Stress and Fatigue
- Crew Resource Management

Your Multi Crew Cooperation course will become the platform with which you launch yourself into the world of commercial aviation. It's foundation lies in the teaching of psychological, practical and the environmental factors to flying in Multi Crew situations whilst maximizing your resources available.

Give yourself a head start when entering the world of multi pilot flying and choose Svensk Pilotutbildning!
